

INFORMATION AND COMMUNICATION TECHNOLOGIES AUTHORITY (ICTA)

Level 12, The Celicourt 6, Sir Celicourt Antelme Street Port Louis Mauritius
Tel.: (230) 211 5333/4 Fax: (230) 211 9444 email: icta@intnet.mu

APPLICATION FORM FOR COAST STATION LICENCE (RA 07)

Please complete in BLOCK letters.

Application made on behalf of a body corporate should be signed by a person duly authorised by the body corporate.

Payment by cheque should be made to the order of the Information and Communication Technologies Authority.

INFORMATION
You are kindly informed that the determination of this application by the ICT Authority is subject to successful coordination as per the provisions of Appendix 25 of the ITU Radio Regulations.

SECTION 1: PARTICULARS OF APPLICANT						
<p>1.1 Particulars of Coast Station Owner:</p> <p>Name:.....</p> <p>Address:.....</p> <p>Telephone No.:.....Fax No.:.....Contact Name:.....</p>						
<p>1.2 Particulars of Billing Address:</p> <p>Name:.....</p> <p>Address:.....</p> <p>Telephone No.:.....Fax No.:.....Contact Name:.....</p>						
<p>1.3 Particulars of Coast Station Operator(s)</p> <p>Name:.....</p> <p>Address:.....</p> <p>Qualification:.....</p> <p><small>(Please provide a copy of the Marine Radio Operator's Certificate of Proficiency)</small></p> <p>Telephone No.:.....Fax No.:.....Contact Name:.....</p>						
<p>1.4 Details of contact person for official communication</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%; padding: 2px;">(a) Name:-</td> <td style="width: 50%; padding: 2px;">(d) Mobile No.:-</td> </tr> <tr> <td style="padding: 2px;">(b) Designation:-</td> <td style="padding: 2px;">(e) Fax No.:-</td> </tr> <tr> <td style="padding: 2px;">(c) Day time Tel. No.:-</td> <td style="padding: 2px;">(f) Email:-</td> </tr> </table>	(a) Name:-	(d) Mobile No.:-	(b) Designation:-	(e) Fax No.:-	(c) Day time Tel. No.:-	(f) Email:-
(a) Name:-	(d) Mobile No.:-					
(b) Designation:-	(e) Fax No.:-					
(c) Day time Tel. No.:-	(f) Email:-					

SECTION 2: LICENCE AND SERVICE DETAILS

Please fill in and tick the boxes as appropriate

2.1 Please specify the purpose for which you are setting up a Coast Station

.....
.....
.....
.....

2.2 Type of licence under this present application

- New licence---(please do not fill in section 4.2)
- Amendment to existing licence
- Renewal of licence

SECTION 3: TYPE APPROVAL

Please indicate whether any radiocommunication and telecommunication equipment which is intended to be used for the proposed coast station have been type approved by this Authority:

- Yes (Please attach copy of type approval certificate issued by ICT Authority)
- No

In case the answer is No, please submit the following information together with your request for type approval:

1. A copy of the equipment brochure detailing all technical specifications
2. The type approval certificates obtained in the country of origin, if available.
3. Test reports or Certificates of compliance with international standards issued by accredited independent test houses and laboratories having tested or type approved the equipment.
4. Certificates of compliance with international standards issued by the manufacturer (optional)

SECTION 4: COAST STATION DETAILS

4.1 Name & Location

Name of Coast Station (if any)

Address of Coast Station

.....

Longitude			
Degrees	E/W	Min	Sec

Latitude			
Degrees	N/S	Min	Sec

Geographical coordinates:
of transmitting antenna.

4.2 Identification

Call Sign:.....

MMSI:.....

Selcal Number:.....

IMN:.....

4.3 Description of communication system:

.....

.....

.....

SECTION 5: NATURE OF SERVICE & DESIGNATION OF EMISSION

5.1 Nature of Service of Radio Station:

Tick only one

- CO – a station open to official correspondence exclusively
- CP – a station open to public correspondence
- CR – a station open to limited public correspondence
- CV – a station open exclusively to correspondence of a private agency
- OT - a station open exclusively to operational traffic of the service concerned

Tick as appropriate

- C – radio telephone calls
- D - radio telex calls
- O – OBS messages (voluntary observing ship)
- P – facsimile communications
- R- Radiotelegrams

5.2 Designation of Emission:

SECTION 6: POWER & ANTENNA DETAILS

6.1 Type of Power (X/Y/Z): **6.2 Power to antenna ((+/-) (dBW)):**

6.3 Directivity of the antenna (ND/D):..... **6.4 Azimuth (deg.):**.....

6.5 Beamwidth (deg.):..... **6.6 Maximum gain (dB):**.....

6.7 Azimuthal sector for rotating antenna: (deg. from)..... (deg. to).....

SECTION 7: HOURS & DISTANCE OF OPERATION

7.1 Hours of Operation:

From UTC

To UTC

7.2 Estimated Peak Hours of Operation:

From UTC

To UTC

From UTC

To UTC

7.3 Estimated Traffic (min/day):

7.4 Maximum Length of the Circuit (km):

DECLARATION

I agree to comply with any terms, conditions or restrictions which the Information and Communication Technologies Authority may impose and to be bound by the laws and regulations in force.

Company's stamp

Applicant's signature:

Signatory's name:

Date:

FOR OFFICE USE

Amount received:..... Licence Registration No:.....

Special comments:.....

.....

.....

Date approved: Signature:

For Director of Engineering/Licensing
(Information & Communication Technologies Authority)

Guidance Notes regarding application for COAST STATION LICENCE (RA 07)

Notes:

1. There may be insufficient space on the application form to answer particular questions, in such cases the appropriate section should be photocopied and added to the form.
2. The processing of the application may be delayed if any of the details given on the form are not complete or correct.
3. The determination of this application by the ICT Authority is subject to successful coordination as per the provisions of Appendix 25 of the ITU Radio Regulations.

SECTION 5: DESIGNATION OF EMISSION

5.2 Designation of Emission	Is made up of three parts, Bandwidth (four characters), Emission (three characters) & Description of Emission (two characters). This makes a nine character emission code. See Guide to Class of Emissions RA97. e.g. 30M0F8FHN is 30M0 = 30MHz, F = Frequency modulated, 8 = Composite system with one or more channels containing analogue information, F = Television (video), H = Sound of broadcasting quality (stereophonic or quadrophonic), N = No multiplexing employed. Indicate the necessary bandwidth (RR1.152) and class of emission (RR1.139) in accordance with Article 4 and Appendix 6; see also IFRB Circular-letters No. 457 of 2 June 1980 and No. 511 of 8 July 1982.
------------------------------------	---

SECTION 6: POWER & ANTENNA DETAILS

6.1 Type of Power	The type of power corresponding to the class of emission: (Please refer to ITU Radio Regulations(RR)) X - Peak envelope power RR1.157; Y - Mean power RR1.158; Z - Carrier power RR1.159
6.2 Power to antenna	The power delivered to the antenna expressed in dBW (and in kW for LF/MF).
6.3 Directivity of the antenna	Antenna directivity indicator: D - Directional; ND - Non-directional
6.4 Azimuth	For a directional transmitting antenna, the azimuth of maximum radiation of the transmitting antenna in degrees (clockwise) from True North
6.5 Beamwidth	The total angle measured horizontally in a plane containing the direction of maximum radiation, in degrees within which the radiated power in any direction does not fall more than 3 dB below the radiated power in the direction of maximum radiation.
6.6 Maximum gain	The maximum gain of the antenna in the direction of maximum radiation in dB. See RR1.160
6.7 Azimuthal sector for rotating antenna	Rotational antenna beam start and finish azimuth.

SECTION 7: HOURS & DISTANCE OF OPERATION

7.1 Hours of Operation **Regular hours of operation of the frequency assignment expressed in hours and minutes (UTC: COORDINATED UNIVERSAL TIME which is same as GMT).**

7.2 Estimated Peak Hours of Operation **Estimated peak operating period start and stop time (UTC) for HF coast.**

7.3 Estimated Traffic **Estimated daily volume of traffic, in minutes per day for HF coast radiotelephone stations.**

7.4 Maximum Length of the Circuit **Maximum length of the circuit in km (the maximum distance HF coast can communicate)**
