New online process for the cancellation of ICTA e-Dealers' licences

The Information and Communication Technologies Authority (ICTA) wishes to inform e-Dealers' licensees that an online process for the cancellation of e-Dealers' licenses has been put into place.

Henceforth any application for the cancellation of e-Dealers' Licence must be submitted online. The licensees will have to log in with their current credentials on the following link:

<https://www.icta.mu/dealerapp/>

They will then be directed to the usual e-Dealers' dashboard on which they will have to select the "Cancellation of Dealers' Licence" option.

E-Dealers licensees are further informed that any request for cancellation made otherwise (i.e. by email or written correspondence) will neither be considered nor entertained.
