

CTO Emerging Professionals Programme – Call for Applications

The Information and Communication Technologies Authority (ICTA), Mauritius, in its capacity as Chair of the Commonwealth Telecommunications Organisation (CTO), is pleased to bring to the attention of young graduates and emerging professionals, the **CTO Emerging Professionals Programme**.

This exciting one-year programme provides a unique opportunity for talented individuals across the Commonwealth to gain practical experience in areas such as **capacity building, sales and marketing, ICT development, digital transformation, publication design and research**. Participants will contribute to meaningful projects aligned with the CTO Strategic Plan, while benefiting from structured mentorship, international exposure and hands-on professional development. The programme and the Expression of interest form is attached.

Selected candidates will work remotely from their home countries and will receive a monthly stipend of **£600**. The programme is aimed at nurturing the next generation of digital and telecommunications leaders across the Commonwealth.

Interested candidates are invited to submit their completed Expression of Interest, questionnaire and copies of qualification certificates by **20 June 2026** to **Linda.Neh@cto.int**. The programme is expected to commence on **6 July 2026**.

Mr. Tassarajen Pillay Chedumbrum

Chairman - CTO
